Archimate & Metamodel

- ❑ Project kicking off

- ❑ Two themes
 - TOGAF metamodel
 - Linkage to Archimate

- ❑ Balance association

Linkage

- ❑ Complete past week
 - SOA/TOGAF Practical Guide
 - Frameworkx/TOGAF

- ❑ Working this week
 - TOGAF/ SABSA
 - Interesting work
 - Key objective is effective linkage
 - TOGAF for Small/Medium Enterprise

- ❑ Starting this week
 - Cloud/TOGAF
 - BAIN/TOGAF

Ongoing

- ❑ Localization
 - Polish Glossary final stage

- ❑ Certification
 - Tools
 - More than models
 - Broad areas of 'tooling'
 - Content/ Repository/ Governance

TOGAF Modularity: the future

- ❑ Today somewhat monolithic & hard to manage

- ❑ Imagine a future...
 - clear separation between core method & guidance
 - guidance adaptable for vertical/ specialty
 - Real-time / Security
 - Oil & Gas / Financial Services
 - SABSA / DODAF
