Customer Council

## Carl Bunje – Boeing
Customer Council Chair

carl.f.bunje@boeing.com

THE *Open* GROUP

Customer Council Vision

❑ **Provide the forum and processes for the collection and management of IT users' requirements for open systems standards**

- Capture and document user needs, especially those associated with interoperability within open systems infrastructures and environments

- Facilitate their refinement and development into requirements for Open Group activities

- Facilitate identification and adoption of open standards that address the requirements

- Encourage incorporation of these standards into products in the marketplace

THE *Open* GROUP

Customer Council - Roadmap

Requirements Collection	Requirements Refinement	Requirements Progression	Solution Standards Identification	Standards Based Products in Market
Multiple Sources	Sponsorship Advocacy Generalization	Forums Interest Groups Customers Suppliers	Forums Suppliers Other Orgs.	

↑ Management of PKI Certificates

↑ Directory Standards for Enterprise Management

↑ Profiling Interoperability

↑ Meaningful Management framework APIs – Pegasus

↑ Requirements identified from Plenary presentations

↑ Extending Manageability, Directory and Security into Mobile Environments

↑ Understanding Security Issues – MGIS

THE *Open* GROUP

Architecture Forum

Chris Greenslade

Chair, Architecture Forum

Anaheim 25 January 2002

- Election of new officers
- Architecture Briefing
  - John Zachman, The Zachman Framework
  - Fred Waskiewicz, OMG's Model Driven Architecture
  - The IT Architecture Tools Challenge
- Architecture Forum
  - Action review and status update - incl. Architect Certification
  - TOGAF and Enterprise Architecture
  - Relating TOGAF to other frameworks
  - The TOGAF Technical Reference Model Revisited
  - Exploration of synergy with ALP Initiative

THE *Open* GROUP

Next quarter

- Progress the work for TOGAF 8 (Enterprise Edition)
  - ADM Revisited
    - ANSI IEEE1471 compatibility
    - Change control for requirements architecture maintenance
    - Enhanced checklists
    - New representation of the Enterprise Continuum
  - TRM Revisited
- Launch the IT Architecture Tools Challenge
- Progress the IT Architecture Certification program
- Update case studies
- Pursue cooperative activities with ALP Initiative

Real-time and Embedded Systems

Joe Bergmann

j.bergmann@opengroup.org

THE *Open* GROUP

Report on RT Working Groups January 2002

- ❑ **Testing and Certification Group**

    - ▪ **Did not meet**

- ❑ **Real-time Profiling Group**

    - ▪ **56 attendees**

    - ▪ **Successful meeting with IEEE PASC SSWG RT. Possibility of an "Austin Group" approach on new RT Profiles. IEEE PASC SSWG RT to meet at Paris meeting.**

- ❑ **Joint Real-time and QoS Working Group**

    - ▪ **Reported by Sally Long**

- ❑ **Hard Real-time Java requirements**

    - ▪ **55 attendees**

    - ▪ **Agreement to develop framework to cooperate through The Open Group RT&ES**

THE *Open* GROUP

Report on RT Working Groups January 2002

- ❑ **Security for Real-time and Embedded Systems Group**

  - ▪ **34 attendees**

  - ▪ **Two vendors presented response to RFI for RT Security**

  - ▪ **Five vendors to work on a final specification RT Security**

  - ▪ **Vendors to supply user cases to validate RT security requirements**

  - ▪ **Commitment to develop Protection Profile**

  - ▪ **Joint meeting with Classic Security Group**

- ❑ **Safety Critical**

  - ▪ **29 attendees**

  - ▪ **Information briefings on experience with DO-178B and the upcoming military transition to DO-178B**

  - ▪ **White Paper to be published by April meeting**

THE *Open* GROUP

EMA Forum

Dean Richardson
Chair, EMA Forum

dean.richardson@boeing.com

EMA Forum – This Week

- ❑ Successful demonstration of the EMA Secure Messaging Challenge

- ❑ More work on Challenge testing and reporting

- ❑ Progress on Secure Messaging Toolkit due out soon

- ❑ Participated in Identity Management Session

THE *Open* GROUP

EMA Forum – Coming Soon

- ❑ Complete Secure Messaging Challenge
  - ▪ Publish test results
  - ▪ Publish Toolkit
  - ▪ Conduct Workshops
  - ▪ Certification Profile
- ❑ Collaboration with WEMA members
- ❑ March issue of *The Message*

THE *Open* GROUP

Security Forum
Anaheim, Jan 2002

Steven Jenkins

s.jenkins@opengroup.org

THE *Open* GROUP

Security Forum - Anaheim

- ❑ Reviewed EMA Challenge – good work and look forward to reviewing their report

- ❑ Reviewed Customer Council requirements on MGIS, PKI manageability, & High-Level API

- ❑ Co-sponsor of Identity Management event. Will evaluate outcomes in follow-on teleconferences

- ❑ Good progress on Guide to Data Privacy

- ❑ Achieved agreement on baseline Guide to Security Patterns

- ❑ Joint session with Real Time Security Group

THE *Open* GROUP

Security Forum - Roadmap

❑ *Guide to Data Privacy* on schedule for publication in 2Q02

❑ *Guide to Security Patterns:* 1st draft available for review in 2 weeks

❑ Discussions planned on other guides

❑ Joint work with Real-Time Forum

  ▪ Review of Use Cases

  ▪ Joint meeting again in Boston in July

❑ Industry Liaison Opportunities

  ▪ Identity Management work with SIMC

  ▪ PKI work with NASA

THE *Open* GROUP

Directory Interoperability Forum

Chris Harding

c.harding@opengroup.org

THE *Open* GROUP

Directory Interoperability Forum - This Meeting

- Seminar: Enterprise Directories - Preparing For The Next Generation
- Identity Management Open Meeting
  - with the Security, EMA, and Mobile Management Forums
  - explored problems from perspectives of organization and individual
  - looked at global identity management solutions
  - will contribute to business scenario
- DIF Members' Meeting
  - reviewed DIF work program
  - had reports from IETF, X.500, DSML
  - considered enhancements to the brand
  - planned future events

THE *Open* GROUP

Directory Interoperability Forum - Next Steps

- ❑ Plugfest February 26/27

- ❑ LDAP Developers' Conference at Paris

- ❑ Identity Management Business Scenario

- ❑ Mobile and Directory Business Scenario

- ❑ Mobile Management Directory Challenge

- ❑ LDAP 2002 Brand: draft product standard

- ❑ Directory Access Control

- ❑ Marketing

THE *Open* GROUP

Mobile Management Forum

**Gregory Gorman
Director, MMF**

**g.gorman@opengroup.org**

THE *Open* GROUP

MMF-Action Steps for 2002

- Conduct Vertical Industry Workshops (Approved)
- Publish Business Scenario on Corporate Mobile Work Force (Approved)
- Develop a methodology for Corporate Wireless/Mobility Planning (Approved)
- Complete the framework for infrastructure services to support wireless-enabled applications (Approved)
  - Network
  - Directory
  - Security
  - Management

THE *Open* GROUP

MMF-Action Steps for 2002

- ❑ Detail the Requirements for these infrastructure services (Approved)
- ❑ Socialize and publicize the infrastructure Requirements (Approved)
- ❑ Develop proposed standard for Session Management APIs (Under Discussion)
- ❑ Pilot infrastructure services for B2E applications (Under Discussion)
- ❑ Broaden awareness of mobile computing issues with public sessions at quarterly meetings
  - ▪ Q1: Mobile Management: In Support of the Mobile Workforce
  - ▪ Q2: Managing the Mobile Workforce
  - ▪ Q3/Q4: State of the Wireless Art
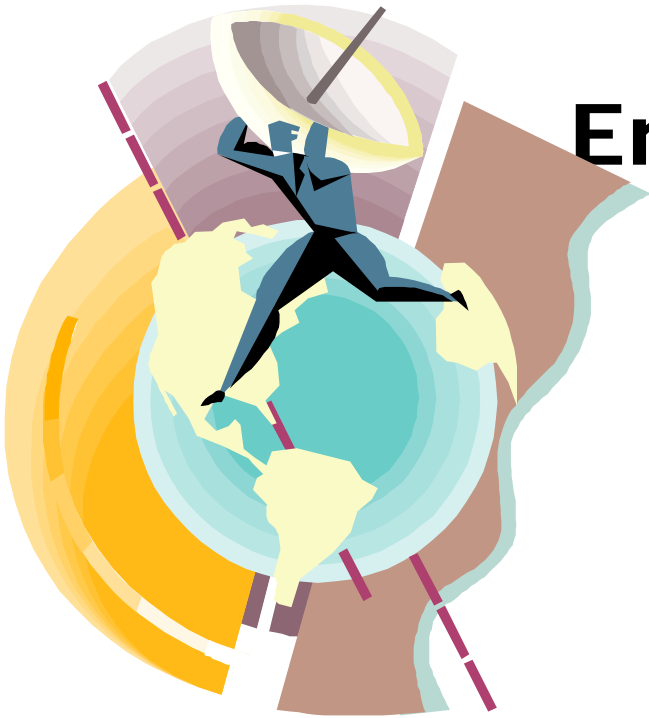

THE *Open* GROUP

Enterprise Management Forum

Martin Kirk

m.kirk@opengroup.org

THE *Open* GROUP

EMF - Summary

- ❏ Joint session with QoS Task Force
  - Continuing process to explore common interests in the area of Service Management
- ❏ Forward Planning for 2002
  - Manageability Guide – April
  - Real Time Manageability – July
  - Application Management – July
  - Collaboration with DMTF - October
- ❏ Progressing Pegasus to "commercial" deployment

THE *Open* GROUP

EMF – Next Steps

- Start work on Manager's Guide to Manageability
- Start dialogue with RT and ES Forum
- Freeze Pegasus Version 2.0 functionality to concentrate on debugging and quality control in preparation for code to be shipped in vendor's products
- Plan focus on Application Management projects – AIC, ARM, XSLM
- Possible collaboration with DMTF
  - June "Fusion" plug-fest
  - October – co-locate with European DevCon

THE *Open* GROUP

Quality of Service
Task Force

Jean Hammond, Chair

jph@jhmmond.com

THE *Open* GROUP

Quality of Service Task Force - Results

Great Sessions held:

With Enterprise Management Forum --

- ❑ **Policies as viewed from other consortia**
- ❑ **More policy work (language-oriented) planned including with CIM/WBEM**
- ❑ **Measuring applications & the network**

With Real-time Forum --

- ❑ **Challenges in real-time (timeliness) for mission critical applications**
- ❑ **Picked committee members to choose a joint project**

Policies …cont.

Task Force actions

Results:

Worked on the SIB and distributed copies to members

Committed to next steps for the Boeing Paper and adding others (SIAC)

Got 2 of our working committees staffed

THE *Open* GROUP

Quality of Service Taskforce - Roadmap

Certification Strategy – Q4

Standards Information Base – Q1

Business Scenario
- **QoS Transaction Paper – Q2 (Boeing)**

Standards Prioritization Paper – Q3

Working Groups, White Papers
- **Applications, Computing Servers white paper – Q1**
- **Networking & Transport – Q2**
- **Architecture & Policy – Q1**
- **Real-Time JWG – Q1**
- **EMF (Enterprise) Objectives – Q1**

THE *Open* GROUP

The Open Group Forums in 2002

THE *Open* GROUP

Looking Foward

- April 8th-12th
    - Managing the Mobile Workforce
    - Paris, France
- July 22nd-26th
    - Making Service Level Agreements Work
    - Boston, MA
- October 21st-25th
    - Wireless Computing State-of-the Art (Provisional)
    - Cannes, France
